Columbia County Fair

The time is fast drawing near for our County Fair, and the interest being taken in it all over the county is very gratifying to the officers. The buildings all have been doubled in capacity this year with a new cattle barn 60 feet long, the buildings are now all complete and we hope every citizen in the County will feel it is his Fair and bring something to help it along. Do not think because your vegetables are small they are not worth bringing, remember that the dry weather struck us all alike so the showing of vegetables will probably be small this year, but every thing else promises to be good.

Try and get your exhibit there the 22nd, if possible, if you cannot get there until Wednesday morning drop us a card saying how much space you will want and it will be reserved for you.

All exhibits will be delivered from the boat or station free of charge. All exhibits must be in place before 12 o'clock Wednesday. Any one within the city limits having exhibits they cannot get there themselves please notify Mr. Morley and he will call for them, but remember he will be very busy the days of the fair and do not bother him with little things you can carry in yourself.

Hoping to see all who were there last year and many new ones this year, I remain your servant,

G. L. TARBELL.
